

ACCESS TO DEVON BUILDING CONTROL RECORDS INFORMATION AND GUIDANCE

[Access to Records](#)

The following information will provide support to homeowners and/or their representatives wishing to enquire about Building Regulation records and copies of documents to assist in the sale and/or refinancing of properties.

Devon Building Control provides online access to a limited area of the Building Control Database revealing 15 years of records.

This allows anyone to search for Building Regulations applications that have been made for a property within South Hams, West Devon and the Teignbridge Areas that have either started on site or been completed. The facility will also find information on other types of work which has taken place at the property such as work undertaken by Competent Persons or applications checked by Approved Inspectors.

Public Access does not constitute a full property history as far as the Building Regulations is concerned. If you wish to conduct a full search for a property then you can;

- Request a CON29 conveyancing search of the property, which reveals all Building Control applications received by the council for the last 15 years - Please contact:
 - Teignbridge Land Charges on 01626 215124 or
 - South Hams Land Charges on 01803 861393 or
 - West Devon Land Charges on 01822 813667
- Request a historical property search, which reveals all Building Control applications received for the property since our records began – see charges information below.

Please be aware that these searches are subject to current Data Protection requirements.

Competent Person Work

The following references refer to Competent Person's records submitted by the relevant scheme providers, to indicate work done at the property.

These are notifications from the scheme providers and documentation is not available to purchase from us. You will need to contact the relevant scheme provider for copies of certificates.

For more information about all the current competent person schemes and their contact details please refer to the Competent Person Register at www.competentperson.co.uk

Completion Certificates

A completion certificate or Building Regulations approval/consent is a legal document that is issued once Building Control have inspected and approved a completed project which was the subject of a Building Control application. It is also a vital document when attempting to buy or sell a property as it proves the building work carried out has been approved and that it complies with the legislation of the time.

Certificates are issued as standard on all completed applications from June 1992. A completion certificate will only be issued when the work has been completed satisfactorily and all necessary inspections have been conducted and all fees have been paid.

Helpful Hints for searching

- Do not use punctuation (no commas or full stops)
- Addresses are as provided by the Applicant or Agent (sometimes developments are given a name before individual addresses are created)
- You can search using a postcode. Always ensure you are using the correct one but please be aware that not all postcodes are provided
